

Employee Utilization

Microsoft Dynamics™ SL

BENEFITS

- Increase productivity**
 Set goals for billable time, and then track hours and revenues against those goals by employee, project, department, or other employee grouping.
- Motivate employees**
 Build and support employee incentive systems with accurate performance data based on the achievement of billing and productivity goals.
- Improve analysis accuracy**
 Incorporate account margins, labor multipliers, and billing write-ups and write-downs into realization results without manual calculations.
- Efficiently manage timekeeping variables**
 Choose to exclude non-billable time such as vacation, sick leave, or jury duty from realization figures.
- Tailor analytical options**
 Create multiple utilization types, and summarize data by any time period and employee grouping you like for convenient analysis.

Get the information necessary to improve the profitability of service professionals and other human resources. Track personnel availability, billable time, revenues, and the realization of established utilization goals. View timecard line-item detail, or speed up analysis by customizing and summarizing data in a variety of groupings and time periods.
